

## Testimonials

There are many things I can say about the high quality of service I provide to my home seller and home buyer clients, but probably none would be as credible as testimonials from some of my recent clients themselves.

So please take a moment to read the following testimonials. I hope they indicate my experience and integrity, as well as make it clear how much I enjoy helping people with their real estate needs.

I would be happy to email you additional testimonials if you are interested.

"My wife and I want to drop a line to tell you how much we appreciate working with Berni Nash. She worked very diligently to help us find what we wanted. She went to bat for us in confronting issues with the builder and the builder's agent and spent a lot of time working to get us in our home, in the shape it should be, and happy with the results. Please make sure that you keep Berni at the top of your list of agents in the greater Nashville area when handling relocations here". *Steve and Kitty W., Murphressboro, to Karrie C. with Primacy Relocation Services*
