

To the Seller,

Although we were not Sellers, we were buyers, Shirley was the most patient agent anyone could have. She was very thorough in understanding our needs and wants, and helping us put those two things together to find just the right home for us. The amount of time that she gave to us was phenomenal. - We lived three hours away and she made all the closing arrangements, helped us find inspectors and mortgage agents. As usual not everything went smoothly, but Shirley was very professional and walked us through some of the "bumps" that can happen in Real Estate dealings. We are very happy in our new city and new home - When we decide to sell, or know anyone buying or selling we will certainly recommend Shirley Finnern.

- Shirley we have a contract on the house in Selma FINALLY, should close at the end of August - Now I just need a job
