

To whom it may concern :

Shirley came highly recommended to us and she exceeded our expectations as an agent with her outstanding performance. She goes above and beyond any job description, and a blessing if you get the opportunity to have her work for you. She was on call for us 24/7, answering all questions -traveling miles, showing numerous homes extended over months, making our transition smooth & pleasant, where it could have been a nightmare as we were moving from out of state.

What impressed us the most about Shirley, was her unique caring , dedication, & professional manner, and with patience at all times.

She's top notch in her field and we've had many agent's to know that she's anything but less...

Sincerely,

John & Diane
